Data-driven Data Science & Business student with a strong foundation in analytics, digital marketing, and consumer insights. Skilled at turning data into actionable marketing strategies, seeking an internship in marketing analytics.

INTERNSHIP EXPERIENCE

Paperless Trail Inc. **Makati, Philippines**
Data Analytics Intern Nov 2026-Present

- Designed and structured relational databases using SQL, establishing primary and foreign keys to organize family data.
- Developed SQL queries to retrieve, analyze, and summarize data, including family records, parental relationships, gender distribution, and age statistics.

MacroAsia Corporation **Makati, Philippines**
Data Quality Assurance Intern Aug 2026-Nov 2026

- Audited 8,000+ vendor and material records in Excel, resolving duplicates and inconsistencies and reducing errors by 85%, preparing data for SAP migration.

Duolingo **Remote Work**
DETermined Student Ambassador, Marketing Intern Nov 2025 – Jul 2026

- Developed engaging promotional content for the Duolingo English Test, expanding awareness and encouraging prospective test-takers to explore the platform among a 40K+ follower audience, increasing customers by 64% in test registrations.

Wadhwani Foundation **Makati, Philippines**
Marketing Intern Jun 2025 – Aug 2025

- Analyzed the needs and behaviors of stay-at-home mothers to identify consumer insights and inform targeted marketing strategies. Developed and executed a digital marketing campaign reaching 252K+ Filipino mothers with career development and upskilling opportunities.

PROJECTS

Kanin Na | Rice Yield Anomaly Forecasting | May 2026

- Developed a Machine Learning Model to forecast rice yield changes across 3 Philippine provinces, analyzing historical weather and agricultural data. Generated forecasts to help identify potential shortfalls and support agricultural planning.

Student Performance Analytics | Data Visualization with Tableau | April 2026

- Analyzed 6,607 student records across 20 variables and found study time to be the strongest driver of academic performance, visualized in an interactive Tableau dashboard.

EDUCATION

Asian Institute of Management **Makati, Philippines**
